

I am **Njagi Alvis Gitonga**, I began my academic journey at **Jokif Academy** (2008–2017), where I built a strong foundation in my studies, and later attended **St. Albert the Great Siakago Boys High School** (2018–2022), where I successfully completed my secondary education. Currently, I am pursuing a **Bachelor's degree in Information Technology** at **Zetech University** (2022–2025), where I have gained a strong foundation in **web development, mobile application development, database management, and graphic design**. My academic journey, combined with hands-on experience in coding and design, has equipped me with proficiency in **HTML, CSS, Java, Python, C++, and MySQL**, allowing me to build functional and user-friendly digital solutions.

My passion lies in **leveraging technology to solve real-world problems**, from creating engaging websites to developing mobile applications that enhance productivity and convenience. I am particularly drawn to **innovative projects** that push me to think critically and expand my skill set.

What drives me is **curiosity and the pursuit of excellence**—a commitment to continuously learning, adapting to emerging technologies, and transforming ideas into impactful solutions. Beyond academics and professional growth, I enjoy **reading novels, traveling, and engaging in creative indoor activities**, which keep me inspired and broaden my perspective on life and innovation.
